## WHY ME

Personal Info

- Light industry engineer  
**„Curiosity is the key to creativity”**

I am a creative person, who has been interested in design, arts, fashion, science and technology. I like nature and traditional alternative medicines and treatments.

I worked for large and medium-sized enterprises dealing with information technology, construction and development for 9 years. I have a lot of experiences in business management, assistance, event management, finance, documentation and database management. I'm flexible with new situations and I have good organization skills. I do my job conscientiously and with devotion. I would like to add my experiences as a member of a creative team.
